

Note of retraction:

The Editorial Team of the CULTURA EDUCACIÓN Y SOCIEDAD Journal retracts the article: Fuentes, S. and Renobell, V. (2020). Gender influence on mathematical performance in Spain. Evidence from Programme for International Student Assessment. *Cultura Educación y Sociedad*, 11(1). 71-86. <http://dx.doi.org/10.17981/cultedusoc.11.1.2020.05> considering the research conducted by the Universidad de la Costa, who detected duplicity by simultaneous publication in two journals with the work: Fuentes De Frutos, Silvia; Renobell Santaren, Víctor (2020). Gender Influence on Mathematics Achievement in Spain. Evidence from PISA. *Revista de Sociología de la Educación-RASE*, 13(1), 63-80. <http://dx.doi.org/10.7203/RASE.13.1.16042>

As part of the parameters of the CULTURA EDUCACIÓN Y SOCIEDAD Journal, the documents published in this medium of scientific dissemination must be original and unpublished, as can be read in our Ethics and Malpractice Treatment Policy available at <https://revistascientificas.cuc.edu.co/culturaeducacionysociedad/Politica-de-etica-y-tratamiento-de-mala-practica>, a requirement that the authors assumed when they signed the copyright assignment form.

The authors were contacted and received a response from Dr. Víctor Renobell Santarén, who, on behalf of the authors, accepted the retraction of the work.
